

The Comprehensive Public Training Program (CPTP) has a mandate to provide training on professional, managerial, and technical skills for classified state employees. The program is funded through fees paid by agencies employing state classified employees.

Demand for CPTP courses, both instructor-led and web-based, has grown both by paying agencies, but particularly for non-paying agencies. While CPTP has been happy to provide training to non-paying agencies at no cost in the past, increasing demand has led to a need to offset CPTP costs of developing, facilitating and delivering training content.

For this reason, the following pricing policies have been created for those organizations not employing state classified employees, yet are seeking CPTP training :

e-learning products (priced per person)	
<i># of people to be trained</i>	<i>Price per disc</i>
0-50 people	\$50
51-100 people	\$100
101-200 people	\$150
201-300 people	\$200
301 or more people	\$250

<i>CPTP Instructor-led products (priced per session)</i>	
<i>Course</i>	<i>Price per session (30 participants maximum except where noted)</i>
Standardized course content	\$500 + state travel costs
Customized course content	\$1000 + state travel costs

<i>CPTP Instructor led products delivered through LSU (priced per session)</i>	
<i>Course</i>	<i>Price per session (30 participants maximum except where noted)</i>
½ day course	\$750
Full Day course	\$1500

Course information on both web-based and instructor-led training can be found here:
